5. Both Officers Cheffo and Smith worked for Valley Township Police Dept and would eventually be terminated for filing the original 302 along with the case that was dismissed.
6. Officer Yeager charged me with the offense but actually works for the South Conesville Police Dept which has the same police chief as Valley Township Police Dept. But Officer Yeager never interrogated or investigated me. Especially when there were two applications and the first past with flying colors. The second had to be fixed and never actually went through pics system. Officer Yeager said because I signed the application I was guilty but had he investigated he would have found out that the gun dealer completed the application and I signed it best I could because I did not have my reading glasses.
